Comments: I recently purchased a four unit apartment in need of repair. I hired Chip Marvin and Freelite to install new doors and windows.

It was an excellent experience from the initial bid to the final clean up.

The installation crew was on time, clean and professional. The quality of work was outstanding and the job was completed on time and for the price quoted, to the penny.

Thank you for the show and the website. I have referred many friends to both.

Have a Merry Christmas and a Happy New Year.
