Comments:

Think Green is the only landscaping company I will work with from here on out. We could not be happier with the completed project. Finding a landscaping company that is so good at both design and installation seems rare, and Jon's approach to design is exactly what we were looking for. He talked to us about what we like, spent time in the yard, and came up with a spot-on design that was creative, modern, and well within our budget. The crew was great, project closure had no loose ends, and both Jon and the crew went above and beyond in explaining everything from bloom times for the plants to programming the irrigation system. We are recommending Jon and Think Green to everyone we know.
