Premium master bath remodel

This master bath remodel consisted of removing a cultured marble tub, shower, cabinets, countertops and flooring. The dated glass block window was replaced with obscure rain glass window for natural light and privacy. The custom shower includes a fixed shower head and a hand held wand on an adjustable slide rod, custom niches and tile deco inserts. All new maple cabinets with quartz countertops and undermount sink was installed. The new tile flooring is a custom five-piece pattern with large format wainscot wall tile to match the flooring. The focal point is the free standing tub with the beautiful floor mounted faucet and a hand held wand.
