[REDACTED] The Millgaud product is very affordable and has really enhanced our 1970's era home. We've used many of your contractors in the past and 99% of them have been very good. Freelite has absolutely been the best experience. Thank you for the service and all the prescreening you do. Also, I would ask that you please indicate that there are alternatives to the more expensive window replacements. Many people are on fixed incomes and they really need to know that there are acceptable alternatives.
