Question for Rosie

Rosie & Family, Once again, you have directed my bride of 44 years and I towards the right folks to do another home repair project. Over the years, through Rosie on the House recommendations, we have: replaced our pool fencing, replaced the garage door, zapped scorpions and critters, and we even had the most beautiful mesquite tree in Phoenix trimmed and thinned in our front yard. This week we had a NEW Lyons roof put on our home! Lyons was so synchronized in every aspect for this project. Thanks to Mike Randolph and Shane Ranney for the development and monitoring the work. Thanks to Terry and his crew for the removal of the old roof, and thanks to the guys who delivered all the roofing materials on time. And a VERY SPECIAL thank you to Jose and Rafael who put on the new roof; their craftsmanship and diligence were outstanding! Diane and I are thrilled with the new look to our home. And in conclusion, thank you Rosie and family, for all that you do on the radio show to assist homeowners like us. Y'all have improved our quality of life! Best wishes, Randy and Diane Gray Phoenix
