Julia @ Rosie on the House,

Von Payne from East Valley Floors in Gilbert really saved the day and made my wife very happy.

We had a contractor (Rod Hutchings) who failed to complete the work he was paid to do on our kitchen.

Von and his best guy finished the kitchen floor and backsplash.

The work was “superb” and the finished job looks wonderful.

He did what he said he was going to do and “did it”.

The work was done on time (when he said it would be done) and the price on the contract did not change.

I would recommend for any floor, kitchen or bathroom project.
