

Question of Rosie On The House

Thursday, June 25, 2020 at 6:22 PM

To: info

Hello. I am having a hard time finding a good concrete contractor who can follow my already approved city permit blueprints. I used your website to find my architect, Chauncey Meyer. He was amazing. Thank you for that. Could you please refer me to some of your top rated concrete contractors so I can start interviewing them regarding building a garage in my backyard? My project is going to be 20' x 40'. Thanks in advance,

Jesse
