Question for Rosie	Hi. I wanted to give a big thanks to Doug and the folks at Stucco Renovations. They did an awesome job repairing our stucco, including the entire east wall of the house. Doug was easy to work with and kept us informed of schedules as they worked around the many storms that came through the valley this winter/spring. He was always available to answer any questions we had. Doug also coordinated his efforts with the roofing company and carpenters to make sure his crews were ready when it was time for the stucco stage of the project. We will not hesitate to contact Doug for any future projects.
